

NNPS Driver's Education

Behind the Wheel

Learning Targets

By the end of this two week range/road session:

- I will be able to demonstrate the management of time, space, and visibility on the road and driver education range
- I will be able to explain how the driving environment is always changing.
- I will be able to safely control a vehicle in real-life situations that occur on the road.
- I will be able demonstrate how to keep a vehicle balanced through precise steering, braking, and accelerating.
- I will be able to demonstrate how to drive on residential streets, open roads, bridges, tunnels, and interstate highways in a safe and productive way.
- I will be able to demonstrate the use of defensive driving skills to avoid crashes.

DRIVING:
The most hazardous task most people will ever perform!
